Nancy Pond Trip (by Kathy Astrauckas. Photo: Nancy McCann)

On July 24, eight participants went on the scheduled Nancy Pond Trail trip in the White Mountains. Everyone agreed on taking Option B listed on the Outings Schedule, climbing to Nancy Pond (not swimmable; boggy, but beautiful), and adding 1 mile uphill on very steep and rough terrain. After that we might go on (Option C) to Norcross Pond which would add a mere 0.6 mile each way with an additional elevation gain of a whopping fifty feet. “Everyone” included leaders *Kathy Astrauckas and Bob Hagen, Nancy McCann, Lee Carvalho, Barbara DeFelice, Bill Corson, Susan McDowell* from Barre, and *Annie Janeway* with *Whidbey*, her golden retriever.

Arriving at Nancy Cascades, we took a nice break but decided it was still cool and that we’d take a dip on the way back. The steep and rough next mile gave us a nice view of the upper cascade, one of the highest in New England. Lunch at Nancy Pond was in a lovely spot where people had obviously camped for decades. Lovely, yes, but boggy = buggy, so we did not linger too long.

After having done all the hard work of climbing up to Nancy Pond, all agreed to continue on to the outlet at the northern end of Norcross Pond. We enjoyed the big view there and lounged in the sun or shade (something for everyone!) for quite a while, ate chocolate cake, and then headed back.

On the way down we stopped again, as promised, at Nancy Cascade. Although the day felt hotter than advertised, sitting near the lovely pool and feeling the very chilly water, we all (even yours truly, Queen of the pond dip!) decided that soaking our feet was enough. We certainly earned the right to say we did our very best to “Carpe Diem”, as we managed to spread out our 8.6 miles and 2300’ of climbing for about as many hours as miles. It was a day thoroughly enjoyed by all, and nobody was in a hurry to have it end. *****

Excerpts from the UVO Section Quarterly Meeting Minutes

(Zoom) at 7:00 pm, 06/9/2026 - Members present: 14

Note: the full report is available from *Nancy McCann*, UVO Secretary

President’s Report

Debbie Marcus reported on the May 28, 2026, GMC President’s meeting. For our excerpts we are focusing on the GMC volunteer insurance coverage.

Tom Kahl and **Debbie** discussed the draft of the GMC Volunteer Insurance coverage. Volunteers have liability coverage for any GMC activity organized under the GMC umbrella- outings, meetings, workdays, etc. GMC also provides supplemental insurance coverage for injuries sustained while volunteering on non-federal land. This supplemental insurance is intended to provide reimbursement for eligible expenses not covered by a volunteer's own insurance plans.

Volunteers are not covered by Workers' Compensation Insurance (WCI) because they are not employees.

However, volunteers operating in a GMC capacity on Federal land are provided coverage similar to WCI through the Volunteers in Parks program. Volunteer drivers in their personal vehicle are not covered by GMC insurance.

Accidents would be covered by the volunteer's personal automobile insurance.

Section board members and officers (excluding Section representatives to the GMC Board) are not covered under GMC's D&O policy as Sections are separate legal entities from GMC.

The GMC will provide guidance to volunteers on what to do in case of an accident and how to file a claim if injured while volunteering for GMC.

Treasurer/Membership - *Iris Berezin*

Current checkbook balance is \$2595.95. In April, two people joined and three people retained their membership which is less than usual. The UVO Section will receive \$475 in donations in memory of Inge Brown after GMC determined that the money should be allocated to the Section rather than to the main club.

Debbie thanked *Iris* for doggedly following up on donations relating to *Inge Brown*

Photo and report: *Bob Hagen*

Trails and Shelters - *Bob Hagen*

This year our three sawyers have been especially busy. Much was accomplished on three workdays, and the entire trail is passable, but more work needs to be done to clear all blowdowns. Volunteers paid especial attention to clearing water bars of leaves and silt. Two crews did reblazing and pruning and clipping of vegetation. Two segments of trail saw some sidehilling to reestablish the tread. This will be a focus for summer work.

Shelter adopters report that the shelters are in good shape, logbooks are up to date, and water sources are running. There will be another puncheon project just south of Quechee-West Hartford Rd. (see below).

Thanks all who volunteered on the workdays and to the adopters who take primary responsibility for the shelters and segments of trail. A special thank you to *Glenn McNall*, who weed whacked the 300 yards of Donaldson Field just south of Joe Ranger Road.

Pushing More Puncheons On August 5, eight members of the UVO Section, plus *Grace Law* from the GMC Volunteer and Education staff, replaced 4 sections of rotted puncheon a quarter mile south of the Quechee/West Hartford Road. The project had been delayed twice due to weather events, but the group stayed committed and finally were rewarded for their persistence.

Nov 8 Sun	Afternoon Hike	Afternoon hike, Taftsville, VT. Private trail system designed by Morton Trails. Some uphill, short & sweet, 2 - 3 mi on wide smooth trails. Wear blaze orange.	Annie Janeway 413-374-0988 ajaneway@gmail.com
Nov 13 Fri	Hike	Crown Point Road & Skitchewaug Mtn (900'), Springfield VT. Explore this unfrequented forest area via historic Crown Point Rd, old woods roads and other obscure routes. Revolutionary War cemetery, Connecticut River valley view. 4 - 5 mi, a few hundred feet elev. gain. Moderate. Mcclearytom54@gmail.com	Tom McCleary 802-295-7592 cell 802 356 0890
Nov 15 Sun	Hike	Marsh-Billings-Rockefeller National Hist. Park, Woodstock, VT. Start at Billings Farm overflow parking area, walk on carriage roads to South Peak w/ side trip along Pogue Brook. Return w/ side trip past mother-in-law house & family swimming hole to parking lot. 3+ hrs. Easy - Moderate.	Iris Berezin 802-295-2294
Nov 18 Wed	Hike	Woodstock, VT. <i>Tour de Billings</i> : 3 parks: Marsh-Billings-Rockefeller National Historic Park, Billings Park, Faulkner Trust. Loop from Prosper trailhead to MBRNHP Headqtrs & back. Includes the 3 high points (Pogue Overlook, Mt Tom North, Mt Tom South) & The Pogue. Hike has a couple of steep sections but avoids the Precipice Trail. 8 mi, 1,342' climb. Moderate. pmrobertson50@gmail.com	Phil Robertson 802-457-7357
Nov 21 Sat	Hike	Mt. Peg, Woodstock, VT. (No Hunting.) 3 mi, 350' of climbing. Uphill to summit & view. Uneven footing on woods trails.	Lynne Miller 603-643-6194
Nov 22 Sun	Road Walk	Lovely, bucolic Dogford Road from cemetery in Etna to Hanover Center, NH. 4.7 mi, all paved, some hills. Moderate. Short car spot (~ 2 mi).	Kathy Astraukas/ Bob Hagen 802-785-4311
Nov 29 Sun	Road Walk	Thetford, VT. Campbell Flats loop: Ompompanoosuc River and Union Village Dam. Approx. 6 mi, mostly dirt roads. Moderate w/ several steep sections.	Kathy Astraukas/Bob Hagen 802-785-4311

Changing Gear – A Tribute to Inge Brown

During the last five years before her death, *Inge Brown* blocked out numerous Tuesdays in UVO's schedule. "Easy on the Knees" was her motto for the short hikes she checked out and planned and led. Some of the trips were close to her Hartford home, some to far-away places: A short hike on top of Mt. Mansfield after a drive up the toll road, a walk on the bike trails in the Stowe valley, a climb to the top of Groton's Owl's Head with picnic provided by her – too many to list. In July and August 2025 alone Inge had reserved ten UVO dates for her trips. Alas – she could not do them anymore. She did not have many followers, hardly ever more than six. But all of us knew and know about feeling weaker, more tired, shifting gear to a slower pace – and still keep going. I think that is her message.

Heinz and I now live in *Inge Brown's* former home in

Hartford. Her UVO stickers on the refrigerator seem to remind me daily of the UVO schedule and of *Lynne Miller's* good example: Planning Inge Brown-like trips, maybe not always "Easy on the Knees", but moderate and short.

Photo and comment: *Inge Trebitz*, Newsletter Editor

AN INVITATION TO JOIN THE GREEN MOUNTAIN CLUB

Who are we? Founded in 1910, the Green Mountain Club was established "to make the Vermont mountains play larger part in the lives of people". To meet that goal, the club constructed the 272-mile Long Trail (LT). The GMC is responsible for developing policies and programs aimed at preservation, maintenance, and proper use of hiking trails for the benefit of the people of Vermont.

What is the Upper Valley Ottauquechee Section? Our section, one of 14 chapters of the GMC, is located in and around the Upper Valley. We schedule activities all year round for those who enjoy the outdoors, including hikes, bike trips, canoe outings, cross country skiing and snow shoe hikes. The "UVO" Section is responsible for the maintenance of 46 miles of the Appalachian Trail (AT) between Maine Junction at Willard Pass near Killington and the Connecticut River at Norwich, VT, including four trail shelters.

We invite you to join! If you wish to participate in our activities, meet friendly, outdoors loving people and contribute to the maintenance and quality of Vermont's hiking trail system, the Upper Valley Ottauquechee Section welcomes you.. Through the quarterly GMC Long Trail News and the "UVO"Section Footnotes you will get information about section and main club activities and issues of interest. For more information, call Iris Berezin at 802-295-2294.

For membership, fill out the application below and send to Green Mountain Club, 4711 Waterbury-Stowe Road, Waterbury Center, VT 05677, attRick Dugan/Membership. Please enclose a check, payable to the Green Mountain Club.

APPLICATION FOR MEMBERSHIP

I (we)wish to join the Ottauquechee Section of the Green Mountain Club.
